Our speaker this month is

Gerry Walsh

The Rock Lily Man

Our speaker this month will be Gerry Walsh, an expert on growing native Australian orchids. If you get a chance, check out his YouTube video "ABC Gardening Australia" (including the axe technique when repotting a *Dendrobium speciosum*!).

On his website <http://therocklilyman.com/> Gerry says "I live in the Blue Mountains, 60 minutes drive to the west of old Sydney Town, NSW Australia. Previously I lived at Llandilo in the Nepean region of Sydney. Many of you may know me from that location. I moved up to the Blue Mts in December of 2014."
